# Online Store Management

## Everything you need.

With Online Store, you get it all. A professional website with a built-in store, credit card processing, even marketing tools to promote your business.

## Perfectly simple.

You don't need technical or design skills to create a beautiful, professional store. Just choose a design, add your products and you're good to go.

## Totally unique.

Create a site that's as unique as your business. Each design is totally customizable, so you can add your own logo and images, choose your colors and more.

## Expert help, 24/7.

We know that your business isn't 9-5, Monday through Friday. We are ready to take your call 24/7/365.

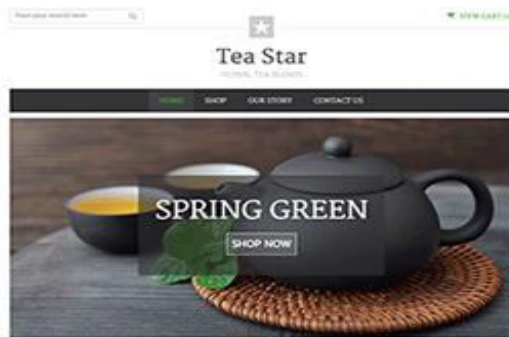

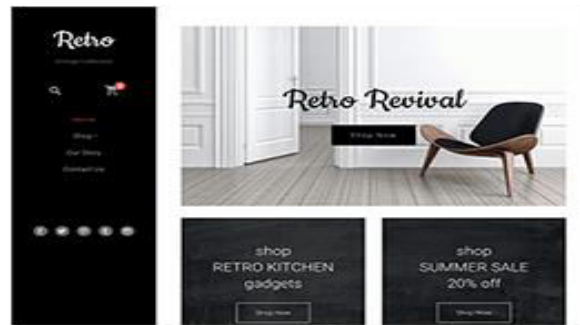

## Our Support for Online Store

- Look professional with beautiful themes.
- Let customers rate and review your stuff.
- Go mobile with a smartphone-ready store.
- Get help anytime with 24/7 support.
- Protect customers with a secure checkout.
- Show off with up to 10 images per product.
- Sell online with a Website + Shopping Cart.
- Save with free hosting and unlimited bandwidth.
- Sell more by accepting credit cards, debit cards, net banking and wallets.
- Get more customers with built-in SEO tools.
- Ship anywhere with flexible rates.
- Sell unlimited products.
- Cut deals with your own coupon codes.
- Open a store on Facebook.

## Your store. Your style.

Our professional themes make it easy to get started quickly with a design that fits your business like a handcrafted leather glove.

## Real customers. Real Site.

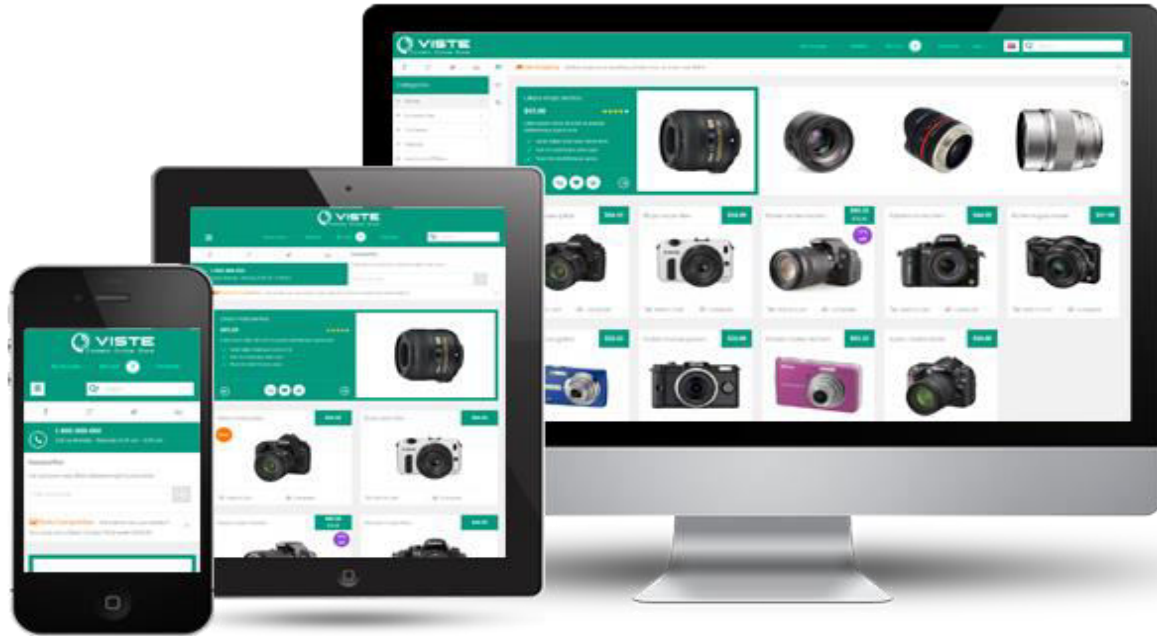

Imantech Solutions Online Store made it so easy to go from an idea to a business! In one weekend, I had everything I needed to get the business rolling. The user-friendly interface and customization made it easy to change designs and add products on the fly, all at an affordable price.
